Augmentative-Alternative Communication: Assessments

What Are We Looking For and How Do We Find It?

(2 CE HOURS)

PDH Academy Course #1806

Course Abstract

This Intermediate level course walks learners through the complex processes involved in Augmentative-Alternative Communication (AAC) evaluations and assessments, with attention to the importance of background information and the many factors to be considered during the assessment itself.

NOTE: Links provided within the course material are for informational purposes only. No endorsement of processes or products is intended or implied.

PDH Academy is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. **See course information for number of ASHA CEUs, instructional level and content area.** ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for .2 ASHA CEUs (Intermediate level, Professional area)

Learning Objectives

By the end of this course, learners will be able to:

List what needs to be achieved during the assessment process, and how the ecological approach applies

Identify background information to be gathered, as well as its sources

Recognize at least four checklists, surveys and profiles available to help guide the assessment process, and some of the questions to be answered

Recall the processes surrounding the selection of symbols and visual arrays, including the impact of vision and motor issues and the role of vocabulary organization

Identify special considerations that apply to school-age children, with attention to active learning strategies

Recognize how the availability of iOS technology and relevant apps affects assessment, including the features of several options

Timed Topic Outline

- I. Augmentative-Alternative Communication (AAC) Assessment: What's the Goal? (5 minutes)
- II. Paradigm Shift (5 minutes)
- III. Background Information (5 minutes)
- IV. During the Assessment (50 minutes)
- V. Equipment for Assessments (30 minutes)
- VI. Making the Decision (5 minutes)
- VII. References, Additional Resources, and Exam (20 minutes)

Delivery Method

Correspondence/internet self-study with interactivity, including a provider-graded final exam. *To earn continuing education credit for this course, you must achieve a passing score of 80% on the final exam.*

Course Author Bio & Disclosure

Susan Berkowitz received a B.A. in Psychology from Clark University, an M.S. in Speech-Pathology and Audiology from Tulane, and an M.Ed. in Education Administration from California State University at Fullerton. She also has extensive graduate background in Special Education and Applied Behavior Analysis, and has worked with children with autism for more than 40 years.

Susan has worked in a variety of settings as a SLP, a Director of Education, and a Chairperson of the Speech Pathology Department. Her career has taken her to public and private schools, developmental centers, group homes, and adult day programs. She currently runs her own private practice in San Diego, providing Independent Educational Evaluations in speech-language, AAC, and Assistive Technology, as well as consultation and staff training. She presents at a variety of national conferences and provides workshops in AAC, autism, and literacy.

Financial – Susan Berkowitz is the owner of, and a developer at, Language Learning Apps LLC; offers materials for purchase at TeachersPayTeachers.com; and received a stipend as the author of this course. Nonfinancial – No relevant nonfinancial relationship exists.
