

CONTINUING EDUCATION for Speech-Language Pathologists

ORAL & WRITTEN LANGUAGE DEVELOPMENT: KNOWLEDGE, SKILLS, & STRATEGIES

PDH Academy Course #1905 | 6 CE HOURS

PDH Academy is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for .6 ASHA CEUs (Intermediate level, Professional area).

Course Abstract

This intermediate level course addresses skills considered critical to the development of literacy: phonemic awareness, phonics, reading fluency, vocabulary, and text comprehension. It relates each to the skill sets of Speech-Language Pathologists, summarizes research-supported information regarding each, and identifies strategies and activities for the development of each.

NOTE: Links provided within the course material are for informational purposes only. No endorsement of processes or products is intended or implied.

Learning Objectives

By the end of this course, learners will be able to:

- Recognize components of language and literacy
- Recall information and strategies pertaining to the development of phonemic awareness
- Identify aspects of phonics instruction relevant to speech-language pathology
- Select information and strategies pertaining to the development of reading fluency
- Distinguish between information and strategies pertaining to vocabulary development
- Recognize information and strategies pertaining to the development of reading comprehension
- Recall information and strategies pertaining to motivating students to read
